

UPPER CANADA
CONSULTANTS
ENGINEERS / PLANNERS

Land Use Planner

The Region of Niagara is experiencing unprecedented growth in the residential housing sector. Upper Canada Consultants provides Planning and Development Management services to the majority of the residential developers within the Region. We are seeking a Land Use Planner with experience in the land development industry that can manage and assist with a range of land use development projects primarily focused on residential housing within the Niagara Region.

Qualifications

- Degree in Urban and Regional Planning or related field
- Membership and/or eligibility for Ontario Professional Planners Institute
- Approximately 2-5 years of experience in the Planning field
- Demonstrated ability to successfully handle multiple projects, meeting client timelines and expectations
- Excellent written and verbal communication skills
- Experience with Committee and Council presentations
- Ability to work independently and in a team atmosphere
- Type G Driver's License and access to a vehicle
- Adobe Suite, Auto CAD, ARC GIS experience is beneficial but not required.

Responsibilities

- Coordination and preparation of land use planning applications
- Preparation of Planning Justification/Rationale Reports
- Securing Municipal Approvals
- Representation for land use applications before public bodies including, Municipal Committees, Councils, Public Information Centres, etc.
- Office hours 8:30am to 5:00pm, with Committee and Council meetings occurring on week nights

This is a full time position, able to start immediately. Please email your resume and cover letter to: careers@ucc.com

Email subject must reference the job position. Thank you for your interest; however, only candidates selected for further consideration will be contacted. No Phone Calls.
